Awais Hameed Rana

23 years old

Hybrid Mobile Developer @ 99Logitech

Summary

I have 2+ years professional experience building, integrating, testing, and supporting mobile applications using react native, redux, Firebase I have done many projects in it mainly focused on designing & developing various kind of cross platform(Android & IOS) apps including social media, utility, location based, event based, real estate etc. I love working in a healthy, innovative and challenging environment extracting the best out of me, which is conducive to learn and grow at professional as well as personal level thereby directing my future endeavour as an asset to organisation's growth.
